Double Aces Tennis Program **Spring 2011**

The Double Aces Tennis program is an after-school, “no cut” program for all levels of players in 6th, 7th and 8th grades. The program includes matches between middle schools utilizing a Varsity and Junior Varsity structure. The Double Aces program is administered by Tennis Kids and Teens, Inc., www.tenniskidsandteens.com.

The mission of Double Aces is to allow middle schoolers who are interested in playing tennis the opportunity to compete with players at their level. Depending on number of players per school, the format for Varsity Players will include Boys and Girls Singles and Doubles, and one Mixed Doubles match. JV will include mostly Doubles Matches. School teams will accumulate points during the regular season, ending in a semi finals and finals matches in April.

The Double Aces staff works with surrounding North Fulton middle schools to organize team practices and initiate matches between players representing their middle school. Come out to join us, and become a part of your school’s team.

Volunteer Team Captains needed

Both our Varsity and JV teams will each need a Team Captain. Responsibilities will be to confirm availability and send out line up emails over the 6-week period. Approximately 20-30 minutes weekly required.
